1/7

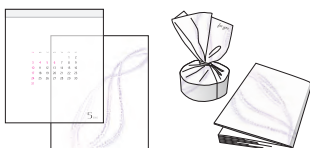

A day is one seventh of a week. Importance of time, short amount of time, Visualized importance, shortness and a pile of time in calendar.

Time passes through innocently by a day, by a week, by a month. 1/7 calendar is born from our wish for the time that it could be more valuable. Visualized to see seven days as one motif and recognize how many weeks the month has from the number of the motif. There are enough blank space for writing plans and total look would be like a drawing overall. Enjoy constructing time plan yourself.

Size : W297mm×H374mm
Configuration : 12 pages
Price : 1,700yen (not including tax)

glassine paper Calendar

Winds of the season blows to thin papers. Feel colors of the wind in every season.

This calendar expressed difference of winds in every season by design and texture of papers. Drawing of various winds are seen through from top white calendar paper. The calendar is made with thin transparent paper called "glassine paper" which is well known for being use of Japanese traditional paper balloons and book covers. These winds printed papers could be recycled as book cover or wrapping papers after each month ends.

One of a series of calendar got bronze award of International Calendar Award in 2014.

Size : W297mm×H344mm
Configuration : 24pages
Price : 2,400yen (not including tax)
